I cannot for one moment imagine who on earth could think the proposed boundary changes that mean splitting up the town of Southborough and High Brooms is a good idea. The fact that St Matt's school, its catchment area and church would be in different wards surely cannot have escaped your attention?? I also attach a photo of the school badge showing High Brooms bricks and the Broom flower..yet these changes would place St Matt's school into Southborough !! Councillors would no longer represent a Community but just a jumble of streets drawn up for the Boundary Commissions bonkers convenience!! You cannot split up our town or ridicule our Parish Council in this fashion!! This is just a nonsense.
