### Comment text:

Not too sure where you have got the figures for Paddock Wood, but over the next 10 years the population of the area will double to some 16000. Therefore, Should still maintain the 2 wards it currently enjoys. In addition, the Foals Hurst Wood estate should be within the Paddock Wood Wards as they live in Paddock Wood NOT Pembury or Capel and must have a say in their area and not that of neighbouring parishes. These boundaries should represent the population of the area and their needs and wants and not the politicians nor parties trying to make political gain
