Comment text:

I have lived in High Brooms since 1973 and would like to see High Brooms that includes the School, Church, ,pre School and shops in fact all of our community under the cover of councillors for this area I have always viewed High brooms boundaries as Barnetts Wood Est in one direction, North Farm Road as another,Silverdale in another and the Powder mill Crossroads in the final direction. The area at present seems to have worked well and definitely do not want it to be divided.
