Comment text:

1. Keep area of Foalhurst Wood and current Berkley's housing development within Paddock Wood, for identity reasons and key adjacencies. 2. Keep Kilndown with Goudhurst. For historic and identity reasons. 3. Royal Tunbridge Wells Central, add Park to the name for further clarification and to distinguish further from other RTW names. 4. Rename Rural Tunbridge Wells which is just bland and is too similar to the town. Recommend use of Tiese Valley - it is the key historic and geographic feature which identifies and links the proposed area.
