Comment text:

I object to the proposal to combine Frittenden and Sissinghurst with Cranbrook in a new multi member ward. As a long term resident of Frittenden I am very aware of how our residents can feel their views are overlooked. Our village is situated at the extreme eastern boundary of the borough, our residents' concerns are not those of urban Tunbridge Wells, or even nearby Cranbrook town. Subsuming our parish within a ward including Cranbrook will inevitably reduce attention to our residents' concerns, given that the centre of population and electoral gravity will be firmly situated in Cranbrook. The current ward structure ensures a separate voice for the villagers of Frittenden and Sissinghurst, and is to be commended.
