Comment text:

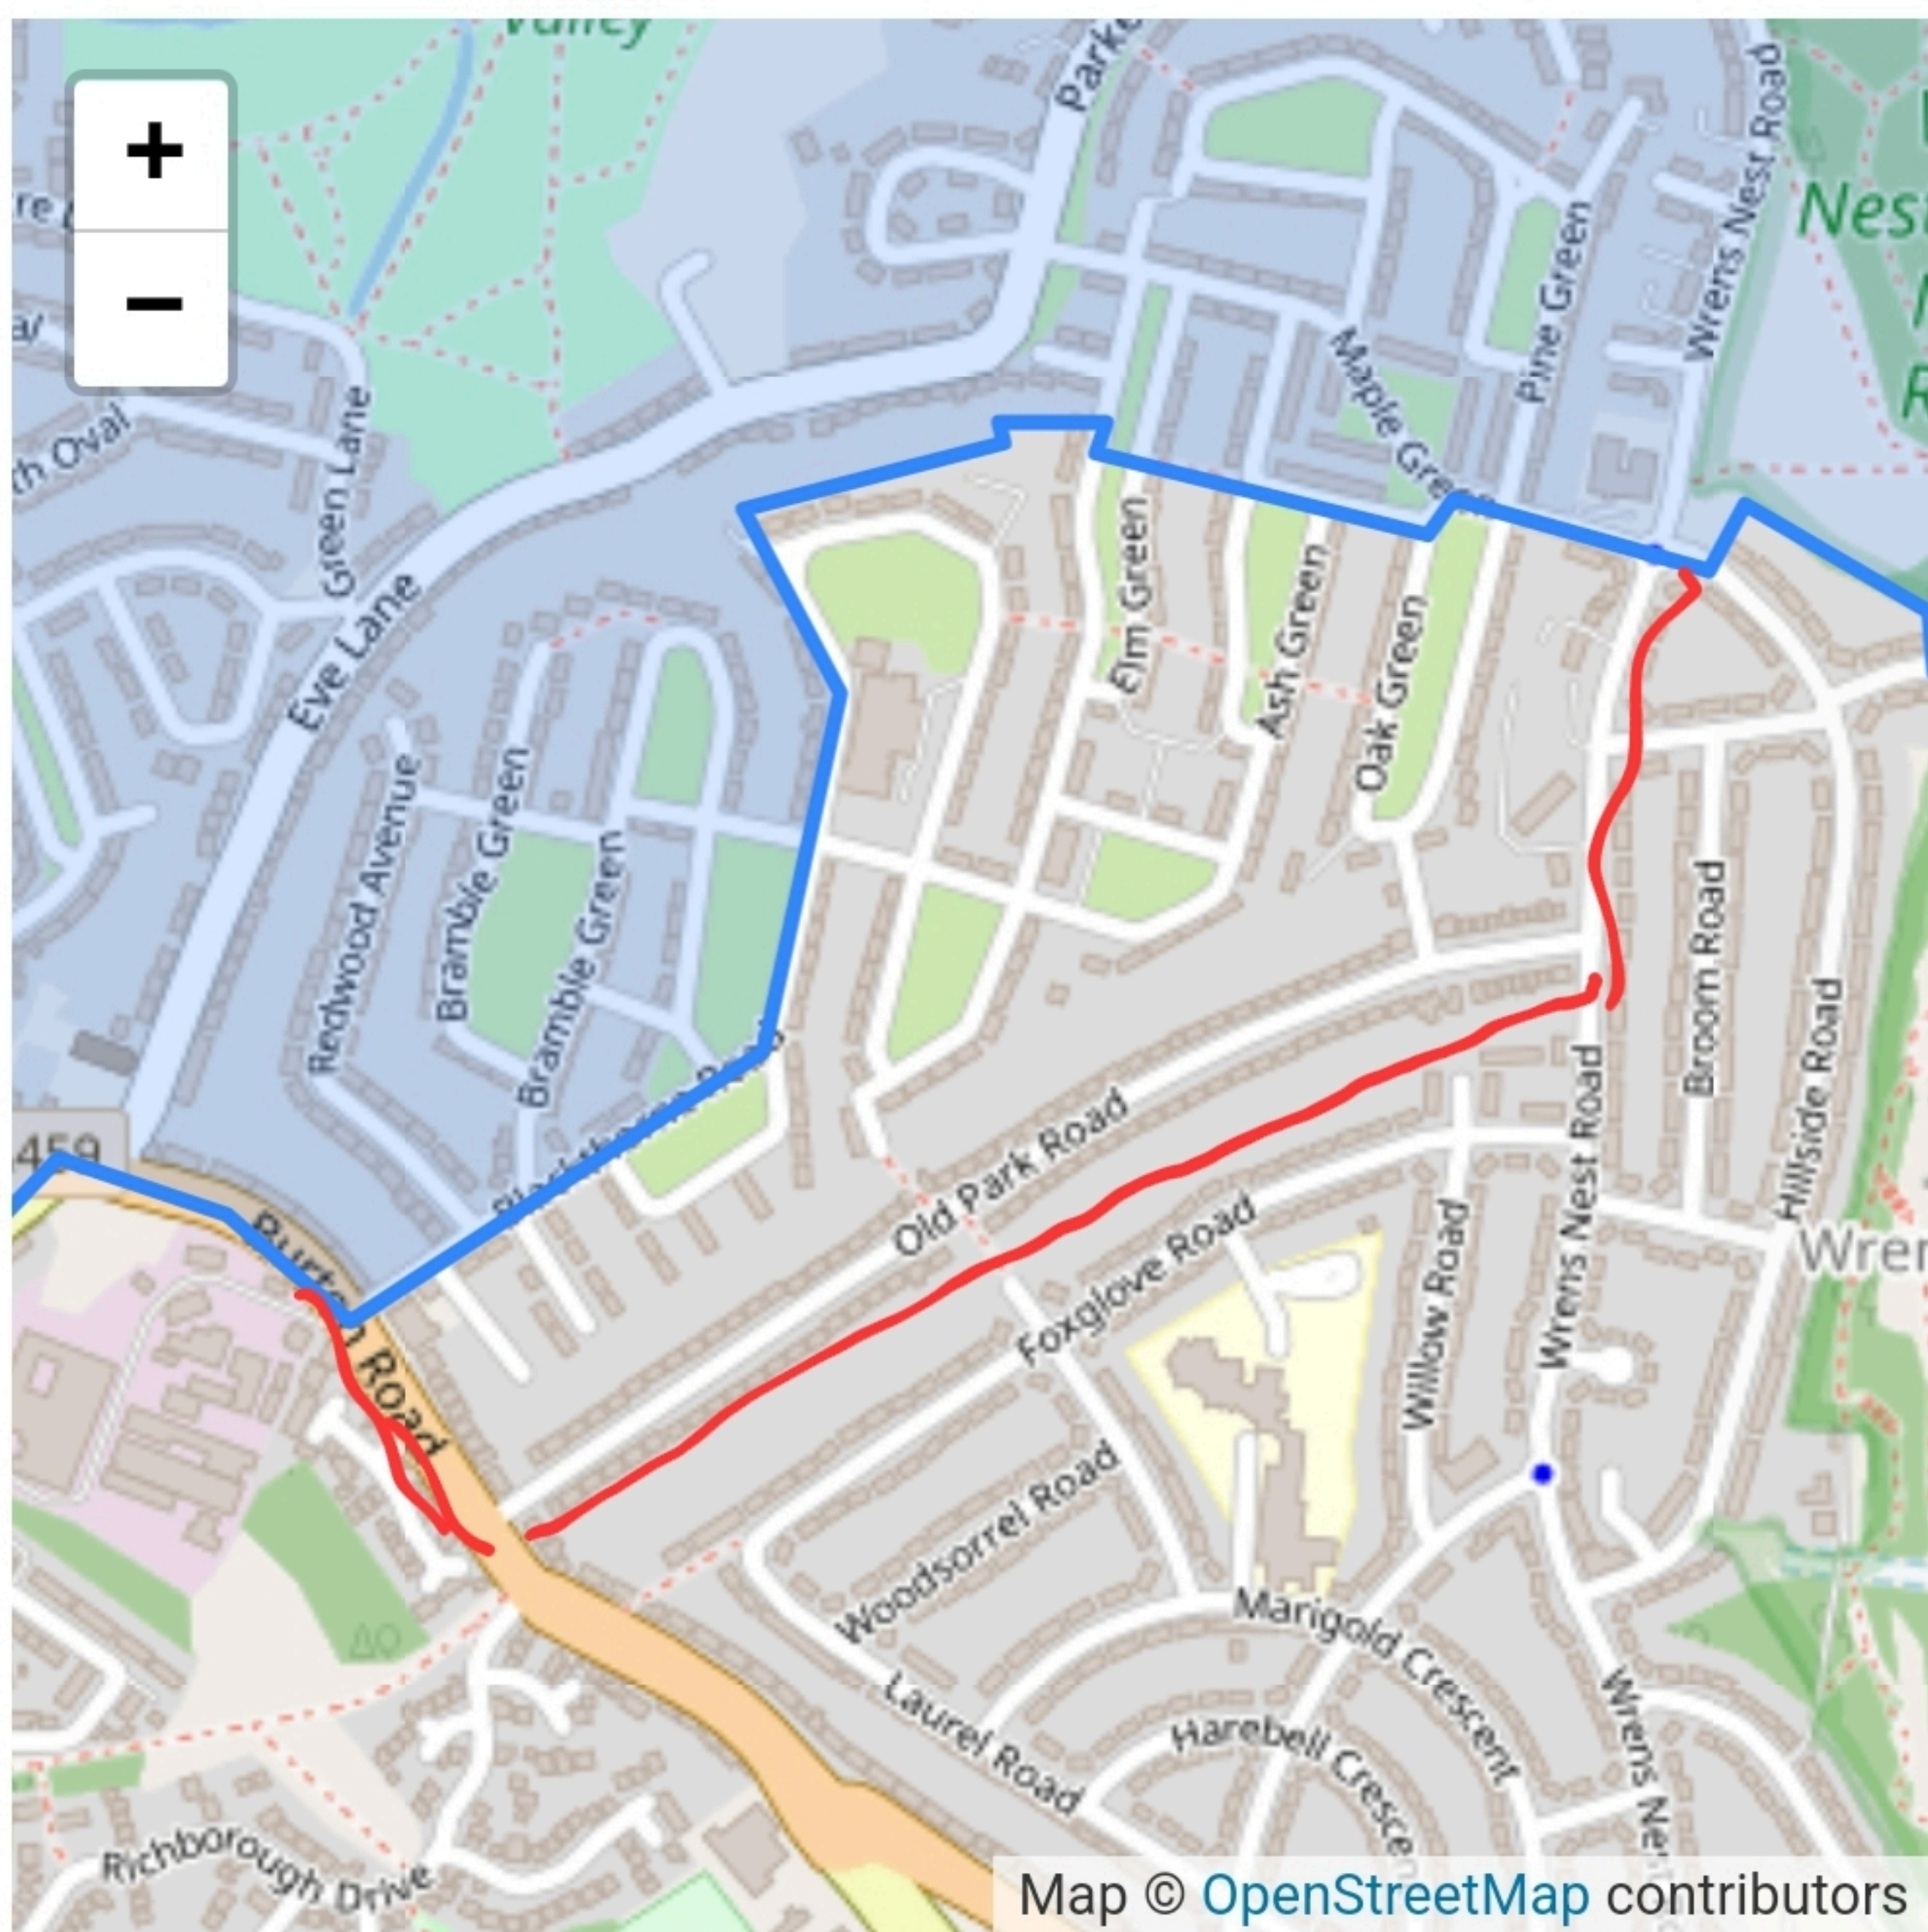

I would like to propose that Upper gornal and woodsetton incorporates the whole of the old park farm estate which is currently split between the castle and priory ward and Upper gornal and woodsetton ward. With Castle and priory oversubscribed this is the ideal opportunity to make the community whole again instead of its current arrangement that is split between two wards. This proposal would extend the upper gornal and woodsetton ward as far as the old park Road and makes perfect sense for community cohesion. See attached picture.
