### Comment text:

I am in agreement with the creation of a Duston ward with three members. As both a Ward and Parish Councillor we will now have the same boundaries and one distinct area. Duston is a large parish and has its own community, a very strong parish council which owns two community centres which houses the library and a leisure centre and has taken on large amounts of open spaces. I further agree that the proposed Hunsbury ward will address the split of West Hunsbury between two WNC wards covered by 6 elected members currently.
