Related subject: Draft proposal

I feel very strongly that the name Far Cotton should be included in the ward title, this area is the oldest and many of it's residents have lived in this area for a long time and are proud to be a 'Cottonite'. To not include Far Cotton is like saying the area does not exist and that the council is not bothered about this part of the town. I have lived here since 1985 and my late husband lived here for all of his life.
