**Related subject:** WoodfordandWeedon ward new boundary excluding Preston Capes

As Preston Capes residents we are extremely concerned about the proposal to remove Preston Capes from the Woodford and Weedon ward and include it in the Silverstone ward. Silverstone has very different issues from Preston Capes, we have little in common. For instance the A43 and Silverstone racetrack dominate the area, including time consuming planning applications, and Silverstone is 10 miles away from Preston Capes. Towcester is Silverstone's local town, Daventry is ours. Silverstone ward does not cover villages that are in the same area as Preston Capes. Woodford is our local village for many amenities, including pharmacy, schools, shops, post office, village hall, events. Our ward includes Byfield and Weedon doctors surgeries, our local villages have more issues in common, for instance rural roads and crimes. A Woodford and Weedon councillor attends our parish council meetings keeping us up-to-date on our local area and the Daventry district issues, giving us the opportunity to put our views forward on issues that directly affect us. Daventry is our closest town with a wider range of shops, leisure and recreation facilities, cottage hospital and schools, all used by residents of Preston Capes. We know this would have a detrimental effect on our community, distancing us from our local services and amenities, including information about proposed planning, developments with pharmacies, doctors and schools. As a small outlying village of the ward, we would be poorly represented and would get lost in this huge Silverstone ward.
