Comment text:

Related subject: The number of councillors in Gateshead Council.

There is no reason why Gateshead needs to have so many Councillors.

The number could be whittled down so that the different wards would be represented more fairly.

I have not been impressed by the performance of the Labour-run Council for the past 50 years. Any opposition to any proposals by the Council, e.g., the proposed closing of the Leisure Centre on Prince Consort Road, is obviously not listened to or heeded.
