### Comment text:

I live in Burntwood and am currently a local Town Councillor. I believe that a reconfiguration of the divisional boundaries in our town should give consideration to a Burntwood East and Burntwood West model as the communities for each have more connection with each other, Burntwood West being more urban and Burntwood East more rural. The west of Burntwood comprises historical mining villages plus estates developed in the 1960s and 1970s. The east of Burntwood, while also covering estates built in the past 50 years, has longer-standing historical roots with agricultural connections. A Burntwood East and West would, in many ways, reflect the former Divisions of Burntwood Chase and Burntwood Saints which were changed in a previous boundary review.
