## Comment text:

Buckland Parish Council, drawing upon the response it submitted to the recent LGBCE review of MVDC wards (copy uploaded), asks for; (i) the 3Bs of Buckland, Betchworth and Brockham to be allocated to the same division; (ii) for the 3Bs to be allocated to a division wholly focused on rural parishes; (iii) consideration being given to keeping the newly formed ward of 4B's and H (comprising the former two Councillor ward of the 3Bs and one Councillor ward of Boxhill and Headley wards) intact, consistent with the wish for potential synergies between the 5 communities to be optimised. Buckland Parish Council asks the Boundary Commission to give significant weight to its request not to create divisions which combine rural communities in the south of Mole Valley with the market towns of Dorking and Leatherhead or the more suburban communities to the north of Dorking.
