Headley would strongly prefer to remain in the same County Division as Box Hill and preferably with Brockham, Betchworth & Buckland following the District Council ward boundary changes.

In the District Council changes, they have created a new Polling District GG (currently with no houses) which will allow the new residential development at Headley Court to be in a single ward. We would ask that this area be kept in the same County Division as Headley - again to avoid the boundary going through the middle of the new development.
