I refer to my response yesterday ref: 1013236 and would appreciate you considering these two responses together.

In making my comments above, I omitted to include the Parish of Ashton, which we believe should remain in the Thrapston Ward because it is separated by the River Nene from Oundle and the river has formed a natural boundary for many years.

To summarise, we respectfully submit that the parishes of Tansor and Cotterstock should go to the Oundle Ward, the parishes of Warmington and Ashton should remain in the Thrapston ward and the parish of Woodford should remain in its current Irthlingborough ward. The Thrapston ward would, in this configuration, be of a nearly optimal size in terms of the numbers of Residents served by Unitary Councillors.

We appreciate the Commission's consideration of the above submission and also would like to express our appreciation of all the hard work in formulating this Review.
