## Comment text:

**Related subject:** Elsdon

I do not believe that Elsdon should be removed from the Rothbury ward and reassigned to Bellingham. Being farmers in the area, we use vets in Rothbury alongside our agricultural merchant. We visit shops in Rothbury, more than we would in Bellingham. We now use the new Spar fuel garage and shop at Thropton where we would have formerly travelled down to Ponteland rather than visit Bellingham garage. We use Post Office facilities at Hepple. My children attend Otterburn Primary School, who have for the past few years entered a school choir in the Rothbury music festival. The next one is on this weekend, which we will be attending with our children. I feel we have more links as a household with Rothbury than Bellingham.
