## Comment text:

Hello.

I have just read about the boundary changes in seaton Valley and to be honest I can't believe that someone thought splitting a village the small size of New Hartley in half was a good idea. Why on earth would we want different councillors depending on which side of the road we live. I get it in a large town like cramlington but we could end up with different parties in such a small village. It really is splitting the village in half. We are part of seaton Valley we all use the local facilities,schools etc .our primary schools feed into the same high school. Would this change mean half the village may have to go to blyth schools rather than their local) .I FEEL VERY STRONGLY AGAINST THIS AND WOULD LIKE TO KEEP THE VILLAGE AS A WHOLE. LETS KEEP THE COMMUNITY RATHER THAN CAUSING PROBLEMS IN THE FUTURE.

I hope my view will be considered
