Name: Michal Chantkowski

Email: [REDACTED]

Postcode: [REDACTED]

Organisation Name: Sunderland Green Party (Representative of a local organisation)

Comment text:

Dear Sir/Madam,

On behalf of the members of Sunderland Green Party (currently 73 members), I would like to respond to the above call for consultation. The Sunderland Green Party considers it paramount that the new ward boundaries do not split existing communities and sacrifice community cohesion on the altar of making sure wards are equal in size or population. We firmly believe in the importance of local communities being empowered to become- or, indeed, remain cohesive communities and we oppose imposing artificial boundaries on the local people of Sunderland. We also want communities to be actively encouraged and supported to apply to form a town, or a parish council in order to decrease centralisation and improve local democracy.

Please confirm the receipt of this email.

Kind regards,

Michal Chantkowski

Coordinator (joint with Rachel Featherstone)

Sunderland Green Party
