### Comment text:

Living in the area of Newstead's Drive (currently Monkseaton North, proposed At Mary's), I fail to understand why that areas has been included with St Mary's. Having lived in the same area for almost 10 years, I can say without question that the local community I identify with is that of Monkseaton. This is no small part due to the nature of the services and amenities available that are all within a short walk. I have always considered the St Mary's ward to be north of Monkseaton Drive - something which the new boundary proposal no longer adheres to. The new proposal does however leave the most southern part of South Well field as part of Monkseaton which, given the Newstead's Drive move into St Mary's not only looks odd on the boundary map, but could lead to that community being unintentionally isolated from all its neighbouring areas. As such, I believe that moving the Newstead's Drive area of Monkseaton (and it is Monkseaton) out of the Monkseaton/Monkseaton North ward and into St Mary's will be a disservice to the residents both in and outside the area, and am strongly opposed to this move.
