Comment text:

Dear LGBCE,

I would like to support the proposed Killingworth ward within your suggested boundries for North Tyneside.

I believe that the Killingworth shares ["Shared local groups","Shared issues around Antisocial behaviour","Shared amenities like schools, shops etc"]

The councillors should do more to represent residents, communicate, listen to residents and do more to address concerns and improve their areas of oversight. If they all take their responsibility seriously and fulfil their promises made at election time, NT will be much better.
