Related subject: Woldingham Ward

I'm my view the Woldingham Ward would benefit from its extension along The Ridge and for it's Western Boundary to be the B269.

As there is a minimal population in the additional area (it is mainly farmland) this would have no impact on the population of the extended ward.

However, including this area keeps Woldingham as an integrated are for all residents of the village rather than splitting it in two on the ridge and retains rural areas currently considered to be an integral part of the village within the Woldingham ward boundary.
