## Comment text:

With regards to the proposed review of the Whyteleafe boundary.

I have been living in Whyteleafe for over 25 years and totally oppose the move to change the boundaries. I don't want to be under the Warlingham ward. I like the councillors who do their best for the up keep of Whyteleafe and it's community.

Why should we have other districts decide what happens here as that will be the outcome. They will benefit and we will loose out on having our say.

The Godstone road may be a busy place with what some call a 'dodgy roundabout by the pub' but that is our community pub in the community of Whyteleafe. We are, or once were a village until over development took hold and expanding the boundaries to become part of the Warlingham ward will just encourage more development.

The village name comes from the distinctive white underside of the whitebeam trees growing in the area and in the park - 'Whyteleafe park'. This would not feel the same for the residents or the history of the park or the area if we became part of Warlingham. We may be a small part of Tandridge but thats how we like it and thats how we should stay if we are to have any say in how our area is managed and run.

So I totally oppose the boundary move and feel it is totally unnecessary and I'm sure there is more important issues that need time and money spent on them!

Regards

A RESIDENT ON GODSTONE ROAD  
WHYTELEAFE.
