Comment text:

Hello Boundary Commission,

I've been made aware that you are considering changing the boundary of my local council ward boundaries, to include my road Stafford Road in with a new Caterham Hill ward called Queens Park.

I am writing to register my objections. Stafford Road is quite clearly part of the Caterham Valley community and we share a common set of issues (lack of parking, concerns over train provision as we rely more on it than those on the Hill, flooding risk, protecting Caterham Valley library - especially given it is in fact actually on Stafford Road! - and wanting the town shops to thrive to name just a few). Lumping us in with the Hill community would be artificial and leave us without appropriate representation for the issues affecting us given any representative for the Queens Park ward would need to prioritise their time and the issues they can focus on. This will only lead to more frustration and disenfranchisement amongst those living on Stafford Road.

Please take these reasons into account and reconsider your proposal.

Best,

[REDACTED]
