Boundary review comments

I live in Milner road, off of Stafford road.

1) This area is at the heart of Caterham Valley & it makes no sense to tag it onto Queen's Park ward just to make the rest of your plan work! People in our geographical area are as important as those in other wards.

2) The plan is ill-conceived - your rules say all wards should be of similar size. whilst the valley is 11% above average ward size Woldingham is 2% for eg

All the wards in the north of Tandridge are above average & most of the wards in the south are less meaning the rural south has greater representation & power - what is your rationale for that? For relative issues within Tandridge it will cause an imbalance - how will you take this into account & mitigate it?

3) The commission wants all wards to be the same with 3 councillors each. Except woldingham - Why should woldingham be a special case? Because of many influential residents perhaps? That's not how this should work!

4) Bigger wards will make councillors jobs harder & people will not get the support they need with planning, litter or housing issues for eg.

The proposed plan doesn't achieve any positive change for me or anyone in the north of Tandridge as far as i can see & goes against some of the commissions own rules so I whole heartedly oppose it

I hope you will leave things as they are if you cannot devise a plan better than this.

Yours sincerely
