## Comment text:

**Related subject:** Woldingham

The parish of Woldingham is unusual if not unique in having almost 100% band G and H rateable value houses and mostly privately owned and maintained roads. We also have no street lighting and as a result contribute very large sums of council tax but receive very little in return. This does I think make us a special case for being treated as a separate council area so that our special needs can be catered for.
