Comment text:

I am protesting in the strongest possible terms about your proposal to the changes in Valley Ward where Stafford Road and Milner Road move to Queens Park on Caterham Hill.
Note the words Hill and Valley! There is a very, long steep hill between! It may look fairly flat on your map in Blyth but it isn't! The North Downs Ridge runs between valley and hill.

Valley Ward is a distinct community that works extremely well – why change it?

You will also disadvantage a very considerable number of voters especially the many without their own transport, who can easily access the current voting station, in the valley, by foot.
This change would mean that to access the voting station on the hill they would have to walk to the nearest public transport, for some two buses, the last of which that gives access up the said hill runs hourly on a good day. Oh yes – they would have to come back too.
Your Commissions own rule is to keep communities together so why are you proposing to do the exact opposite?
