I live in Stafford Road in Caterham and have noticed that the new boundary proposals are to remove my road from Valley Ward and place it into the Queens Park Ward. Anyone who has visited Caterham will know that Queens Park itself is within Caterham on the Hill. The properties in Stafford Road are quite clearly in Caterham Valley and are therefore wholly affected by any decisions made regarding Caterham Valley. The fact that Caterham Valley library is situated in Stafford Road proves this point.

I understand that the objective is to balance numbers of electors between wards, but even adopting this proposal leaves the new Valley Ward the most underrepresented by councillors in the whole of Tandridge. Surely the most appropriate way forward would be to leave the north western boundary of Valley Ward where it is and adjust the number of councillors accordingly.
