Related subject: Upper Valley and Hebden Royd parish

Luddendenfoot should extend along towards Old Town/Chiserly in the current Calder Ward to increase its population numbers. Geographically and through ward lines this would make the most sense. Wainstalls should as compensation be subsumed into Warley ward in the Halifax constituency, this again would make sense geographically. A new ward in central halifax should be created by moving up park, skircoat, Greetland and Northowram wards.
