Regarding the public consultation, I could only find these three questions on https://www.lgbce.org.uk/sites/default/files/2023-05/calderdale_-_ic_-_poster_portrait.pdf

- Do you have suggestions about where your ward boundaries should be?

I struggled with this web page with the map <https://www.lgbce.org.uk/all-reviews/calderdale> but I think I am happy with the present boundaries. I relate best to Hebden Royd Town Council but they do not hold much power compared to Calderdale MBC..

- Where do people in your area go to access local facilities, such as shops and leisure activities?
Hebden Bridge Town Centre

- Which areas do you identify as your local community?
Hebden Bridge Town Centre

In view of the shortage of money for councils and the fact that most decisions these days seem to be made by a cabinet or the council officers, or West Yorkshire Combined Authority or Leeds City Region, I cannot see any point in paying for three more Calderdale Councillors.
