Related subject: All Saints

I really don't agree that All Saints ward should be split from Brambleside and incorporated into a Town Centre Ward. Brambleside and All Saints are one community. On Beatrice Road, where we live, we use the Brambleside School, the allotments at Brambleside, the Shops, the Pub and the Chippy. We are one community.

I feel that the All Saints ward will lose its independence and identity if merged with the Proposed town centre ward. We don't just share facilities with Brambleside, but share an identity. I would hate for that to change.

We also have wonderful councillors at the moment, who really care and do so much for the community. I would hate for that to change.
