## Comment text:

At present we are in the Washington East Ward due to the boundary being a road. We would be better situated in the Washington Central Ward which is the area I grew up in and relate to living in Brady Square. Our present area relates to the Barmston area which is totally alien to us. We live in Columbia, shop in Columbia, attend the community activities in Columbia and are part of the central ward. I would like Barmston Court to be considered for a boundary change. We are not Barmston
