Personal Details:

Name: Roger Evans
Email: [REDACTED]
Postcode: [REDACTED]
Organisation Name: Shropshire Liberal Democrats (District or county councillor)

Comment text:

Related subject: The whole area covered by Shropshire Council

I and we fully support the submission made by Shropshire Council concerning this latest consultation on future electoral boundaries which will be used to elect Shropshire Councillors from May 2025 onwards.

We particularly support the statements made in section 4.2 on P14; 4.8 and the third bullet point; and 4.18 on page 18.

These support the view that Bayston Hill should, whatever proposal is made, not involve linking BH with any Shrewsbury Town Division. There is absolutely no commonality of communities.

Should BH be linked with the Burnell Division than Church Pulverbatch should either remain in Burnell or join the Longden Division. The community of Church Pulverbatch share the same school catchment area with Longden, the same Benefice and the same local transport bus service. They have no common interests with the communities that comprise the Bishops Castle Division and no easy access to it.
