There are proposals to move Nash and Boraston from Clee Hill and into Cleobury Mortimer. Geographically this is ridiculous. Nash sits between Tenbury and Clee Hill and is currently in the ward of Clee Hill - rightly so as its barely a mile or two away and has all its local dealings with either Tenbury or Clee Hill. To move Nash into Clee Hill makes no sense on distance alone. Please allow us to remain where are with our local identity. We do not to want to become part of Cleobury Mortimer ward - its literally years since I have even been there!
