Related subject: Acton Burnell/Frodesley, Burnell Ward, Shropshire Council

Given that Burnell Ward is forecast to remain within the required tolerance, it does not seem fair that Burnell ward be absorbed into Bayston Hill creating a 2 member ward. It is not ideal having a 2 member ward as it leads to confusion as to which Councillor is dealing with which area/issue. In addition Councillors are likely to focus on the more densely populated area of Bayston Hill and less on the needs of the rural areas, which means our representation would be much worse than now when our Councillor is focussed solely and specifically on the more sparsely populated rural areas.

We are about to be moved to South Shropshire for parliamentary boundaries and moving us into a more Shrewsbury focussed ward for Shropshire Council matters does not seem to make sense in line with this decision.
