**Related subject:** Wem Rural

I cannot see the boundary for Wem Rural and is not even listed - has it been forgotten? The needs of those living in rural communities are to be addressed and not merge with Wem Town as deliverable services are completely forgotten and in a time with those living in rural villages are often quite isolated really doesn't help.

I believe that if you go ahead with the boundary review then it will have a detrimental affect on those living in rural communities. The status quo of leaving the borders where they with no change is the better option.

If you merge Wem Rural and Wem town then council tax for businesses and those in affordable housing will mean that people won't be able to afford to live or work in the area and will no doubt away and exasperate the problem even more.
