Sirs, I strongly oppose your draft plans to move the parish of Nash from Clee division into Cleobury Mortimer division. Our community has links with Burford, Tenbury Wells and Clee Hill Village, which all provide local amenities, medical facilities and recreational opportunities nearby.

We have no links to Cleobury Mortimer, eight miles away.

Our representative on Shropshire council can only represent local views if they are indeed local.

As an exercise in evening out the number of people represented by each councillor without taking into account location, it is in my view flawed.
