I support the proposals for North Shropshire from Shropshire Council - particularly that Wem should be a 2 member seat and I particularly support the LGBCE proposed 2 member St Martins seat. Both the Wem area and the St Martins area are clear communities and to split them is both divisive and counter to common sense.

I also support the Shropshire Council's proposal regarding Bayston Hill. The LGBCE proposed 2 member division of Bayston Hill and Burnell is not sensible. Bayston Hill is a clear single community. The settlements in Burnell have little or nothing that links them to BHill. While I appreciate that Bayston Hill as a single member division will be significantly above the expected numbers tolerance it is and should be "the exception that proves the rule". It is important that the LGBCE listens to the united voices of Bayston Hill and Shropshire Council on this point.

I support the proposals from Shropshire Council regarding the Shifnal and Bridgnorth areas.

Minor points: I support the SC proposals to move Broseley Wood into Broseley and Jackfield into Much Wenlock.
I support the SC proposal that Ford should be moved to Longden and that Bicton Rural should be moved to Loton.
