Comment text:

"I strongly object to Church Pulverbatch Parish Council becoming part of The Bishops Castle Ward,we are twelve miles apart,the road is tortuous and very high in places.I am at a lost to see how a councillor from Bishops Castle understand know our needs and concerns.Our present Burnell Ward Councillor lives in the Church Pulverbatch Parish.
We have little in common with Bishshops Castle,our ties be it education .
Shopping,economically,socially or religiously are in our own locality.
Why canâ€™t Bayston Hill have two councillors,if there has to be change we have more in common with the Longden Ward.
The overwhelming desire in The Burnell Ward is the status quo,having been severed well and respected by the residents.
