

Sunderland

Personal Details:

Name: Town Clerk

Email: [REDACTED]

Postcode: [REDACTED]

Organisation Name: Hetton Town Council (Representative of parish/town council)

Comment text:

Related subject: Hetton and Copt Hill wards

The Town Council's area covers the Sunderland City Council electoral wards of Hetton and Copt Hill (part).

The Town Council recognise that the review relates and is limited to wards within the City of Sunderland area.

However, Town Council has asked that I highlight to LGBCE the strong affiliation of the local community to County Durham.

The geographical location of these wards is at the southern-most tip of the City of Sunderland administrative boundary, which was created artificially upon local government re-organisation in 1974 and this was and remains anomalous in terms of local affinities.

Local heritage and culture relates to County Durham and there continues to be a strong local affinity to the County.

The Town Council request that LGBCE takes cognisance of these circumstances in its' approach to reviews.
