Writing to strongly support the boundary commission's proposals for the Chester-le-Street area and in particular the North Lodge ward. I welcome them listening and acting on North Lodge Parish Council and my own submission in the previous consultation.

Having considered the report along with the submissions put forward by the Joint Administration and Labour. I believe the boundary commission have taken the best bits from both to produce boundaries that best full fill the commission's criteria for Chester-le-Street.

The new North Lodge Ward meets the boundary commission's criteria particularly well. With clear boundaries and ensuring North Lodge Parish is not split up. This Northern area of Chester-le-Street is a defined community that share similar issues. With its similar street scene, connected around the same road networks and public transport routes.

I particularly welcome the boundary commission ensuring North Lodge is not part of the semi rural villages such as Ouston and Bournmoor. These communities do not share transport links or any of the issues the Northern area of Chester-le-Street has.
