Comment text:

Related subject: Baildon & Shipley

After receiving a Tory leaflet in the post I can see that Philip Davies MP and Robbie Moore MP are petitioning their constituents to separate their respective constituencies into a new council.

I categorically oppose this, it is a blatant power grab and not in the best interests of the local area. People especially from Shipley resonate with Bradford council and often travel to the centre for shopping and socialising. There are frequent trains and buses running to the centre too.

So Philip Davies saying that Bradford council does not care about Shipley is false.

The new council SHOULD NOT be created.
