**Related subject:** Wharfedale Ward

I do not identify with the Shipley constituency. I cannot even travel by bus to any of it's other towns/villages. I am better connected to Otley and Ilkley, where I have friends and family and work and can easily travel to.

However, I would not want this to be used as political fodder to leave Bradford Council.

I understand that Wharfedale Ward is not big enough, we would be better joining Ilkley that another far flung village in the Shipley area.
