Related subject: Baildon and Bradford

I agree with the ward boundaries remaining as they are. I also believe (as the MPs for Shipley and Keighley are campaigning for) that it is time for a new local authority (separate from the Bradford District Council) to be established which covers the two parliamentary constituencies of Shipley and Keighley.

I feel that the Bradford council area is too large and that a separate borough would be better for the residents of the Shipley and Keighley areas. It would be comparable to the borough of Calderdale, which also only has 2 MPs.
