Related subject: Shipley Constituency

I fully support the Campaign by Philip Davies and Robbie Moore to break away from Bradford Council and form a separate authority. Having lived in the Shipley constituency for 20 years it has been extremely apparent that Bradford Council's priorities are very different to the needs of our local community and we need better representation to address local issues covering schools, recreational areas, traffic, controlling housing development on greenbelt land to name but a few. Bradford Council has a big remit, and it is completely understandable that they are focused on improving inner city life, but they do not understand or represent issues in my constituency and I am fully supportive of a new local authority covering Shipley and Keighley to provide this representation, which is a basic and essential right. Bradford Council does not represent me and does not satisfy the needs of our community.
