I have lived in Baildon for over 40 years . I have always seen Baildon as part of Bradford. I worked for Bradford MDC, used shops and cultural facilities in Bradford and continue to see myself as a Bradford Resident. I am aware of a campaign to separate Shipley and Keighley from Bradford and want to strongly resist this proposal. Given the difficult times we are living in at the moment, the proposal seems ill conceived, impractical and a waste of resources.
