Related subject: Bingley/Bingley Rural Electoral Ward boundaries

I would love the Bingley Ward boundary to move to include Wagon Lane. I have lived on Wagon Lane Bingley for 26 years and have always been frustrated when it comes to local elections that I am in Bingley Rural Ward and unable to vote in Bingley Ward for the issues that really affect me. I live a stones throw from the town centre, use the supermarkets, pubs, restaurants, train station, I used to be a regular pool user before it closed and walk the dog daily in Myrtle Park but can't have a vote on any of the town centre issues. I feel Bingley Rural Councillors do not represent my street at all, we are not part of a village, we are a suburban street off the main road leading to the town centre. In the lead up to this year's local elections we received no campaign leaflets from prospective Bingley Rural Councillors however we did receive campaign information from a Bingley Ward candidate so it seems this boundary is confusing to councillors themselves!
