Related subject: Shincliffe parish

My husband and I strongly believe that Shincliffe and High Shincliffe are more closely associated with Durham City than with the outlying areas. This is increasingly so as the city spreads outwards with the developments along the Sherburn Road. To this end Shincliffe is better represented by councillors who are associated with the environs of the city. Therefore we propose the boundary changes take account of this.

We do not agree with the LGBCE that Shincliffe is distinct from the city centre and the parish does not fit appropriately with Bowburn Coxhoe Cassop Tursdale etc.

It would be unfortunate to the extreme if such a change were to effect the catchment areas of schools and GP surgeries!
