I disagree with decision to combine so many areas together as I feel this will detrimental to the residents and businesses of Consett town centre.

As a resident myself there are so many issues the centre of Consett has in its own, never mind adding the surrounding areas.

Parking for one to access the main shopping area, lots of car parks are now charging after a couple of hours.

Only one major bank in the centre.

The academy being the only secondary school in Consett centre.

Post office moved to within a retail premise in the town centre with smaller post offices closing too.

Main bus station which has been known to have anti social behaviour.

These are just to name a few but of which needs a councillor to represent on its own due to the vast amount of issues that can arise.

Adding another area would not allow the councillor to spend as much time that is needed to support the residents of the centre of Consett. I am sure the residents of the other areas would feel the same way.
