The LGBCE recently undertook a review of the wards for Worcester City. During that consultation the LGBCE considered moving certain parts of the electorate from Battenhall Ward to Nunnery. They included those in the streets of Foxwell; Cromwell Crescent; Livingstone; Canon; Marlborough; Blake; Stuart Rise; Whittington Rd. and Red Hill Lane. However, on reflection it appears that the LCBCE discounted such a move. Within the submissions by the County Council this move is once again reflected. If that were to go ahead it would mean that those residents/electors affected, would be voting in Worcester City for City Elections and Nunnery Ward for County (Divisional) Elections. In this instance the idea of coterminosity would be lost
