## Comment text:

**Related subject:** Ward councillor for Hinchley Wood & Weston Green

As a councillor, I represent the interests of the Hinchley Wood and Weston Green ward in Elmbridge Borough Council. The current arrangements, under which Hinchley Wood is grouped with Claygate and Oxshott, work well.

The proposals set out in this second consultation do not respect local community links, identity or interests, and they do nothing to address disparities in the sizes of divisions.

I strongly urge the Commission to reject these proposals as they would lead to a less effective local government.
