In respect of the following paragraphs within the report on initial recommendations -

Paragraph 83: it is not clear whether the representation was made by "the Council", or an individual councillor (in which case, were they authorised to make a representation on behalf of the Council?). If the representation was purported to have been made by "the Council" or an individual on behalf of the Council, I would be very grateful to see a copy of the original representation please.

Paragraph 89: there is no rationale or explanation provided for the recommended change, other than "we were persuaded by evidence" from a resident on the grounds of community identity. There is no further detail of the evidence, or an explanation of why Doods Park Road identifies with Redhill. The proposal would not align with existing polling district areas and would therefore require a review to realign them again.
